

STATIONERY

A STEADY STREAM
of stationery and office supplies flows from the store to our customers, and another stream replenishes the stock. This is kept up to a condition where betterment is impossible.

STATIONERY
from the best manufacturers in each line fills our shelves, and little money will transfer the ownership. The proof of the value is in the quality.

A New Mail Service.

Several railroad and newspaper men witnessed the trial of a new mail catching and delivering device at Montpelier Saturday. The owners are G. F. Le Fevre, T. H. Casey and W. J. Bigley of Boston. Horace Merrill, chief clerk of the postal railway service, and Superintendent E. J. Ryan were also present when the test was made. This mail catcher is made of several finger-shaped prongs which grab a mail sack from a train in motion and drop it into a cage, where only those who have a right to do so can reach it. The test was satisfactory, both to the owners and to spectators.

The owners are perfecting this machine by which a mail sack can be delivered from a train going at a very high rate of speed. Under existing conditions on almost all railroads, mail sacks delivered from trains in motion go to most any old place where they happen to strike.

Shooting in South Wheelock.

During a quarrel over the repair of the water system of William Peak in South Wheelock between Peak and Loren Randall, the latter fired a shotgun at Peak but did not hit him. Randall had forbidden Peak to repair the logs where they crossed Randall's land. Peak went immediately to St. Johnsbury and entered a complaint to the State's attorney. Saturday Randall was arrested and taken to jail.

An Eccentric Burglar and His Crime.

The store of C. I. Moore, of Morgan, was broken into two years ago and \$200 were stolen therefrom. At the time of the robbery no clue was left to follow but suspicion pointed to a young Englishman named Whatmore, who disappeared about that time.

Like the traditional Eugene Aram, Whatmore returned a short time ago to the scene of the robbery of two years ago and was recognized by townspeople.

Monday night, June 19, the store of Moore was again broken into and a suit of clothes taken. The event of the second robbery and the disappearance of Whatmore, formed a clue and he was tracked to Sherbrooke, Que., the hunting party being composed of C. I. Moore and S. E. Gray.

Upon inquiry at a hotel in Sherbrooke, a man answering Whatmore's description was said to be registered and in bed, with orders to be called at 6 o'clock, so the hunting party, with High Constable Moe, of Sherbrooke, waited until the prisoner appeared and with a display of good fellowship, walked up to and shook hands with him, at the same time placing him under arrest. The prisoner had on the missing clothes and, finding he was cornered, he confessed to both robberies.

The officers took the man to Newpport and an examination of his case was held before Justice of the Peace H. B. Cushman, who bound him over to the September term of the county court.

The peculiarity of the first burglary was the fact that Whatmore left behind him \$80, the whole amount of money in the store being \$280. Upon being asked why he left the \$80 he said he did not want to be hogish, evidently allowing good impulses to govern him, even while committing a robbery.

Sometimes an article is made so good that folks wonder how it can be sold so cheap. That's the trouble with AMATITE; it seems almost too cheap. For a wind, rain and weather proof roof covering that will not crack, creep or buckle, rust or rot, there is nothing to compare with it. Anyone can lay AMATITE. Sample free on request.
